Happenings of a Day in Lake County's Lively Capital

SHUCKS

From the Diary of St. Lence

My Ball see an empire may make a mistake once, but when they make the same one twice it either ain't a mistake or y' kin call 'em sumthin' beside an empire.

This country don't need s' much naturalizin' o' citizens ez it does th' civilizin' o' sum.

The big crowd at the ball game yesterday went home disgusted with the rulings of Field Umpire Clapper, who seemed determined to give the local team the worst of the deal, actually losing the first game to Crown Point on his decision at third base when he called the runner safe. No city in the league turns out the large crowds that Crown Point does regularly, but if the partiality to visiting teams continues to be the ruling of the umpires it is only a question of a short time when the game loses its interest to those who enjoy it for its pure sport alone. It is not up to the umpires to win or lose any game and the minute they find out that impartial rulings will be the saving grace of the game that minute will the sport raise above its present level.

Mrs. Herman J. Lehman delightfully entertained a party of lady friends at her home on Main street Saturday afternoon, the affair being given in honor of Mrs. Bernice Clark of Wheatfield, A.

PIMPLES

And All Humiliating Skin Eruptions

Are Banished by the New

Sulphur Treatment.

Oh, the anguish of those ugly, unsightly, humiliating pimples, blotches, and other skin troubles! Why tolerate them? Don't you know that the one sure eradicator of these blemishes is SULFOSOL (sulphur in solution)? Sulphur has for ages been recognized by the medical profession as the one great specific for blood impurities, but the trouble was that sulphur couldn't be assimilated in the blood.

SULFOSOL is just soluble sulphur—made possible through the recent discovery of a secret of Nature by a great chemist.

SULFOSOL (soluble sulphur) is Nature's gift to that large portion of humanity afflicted with Pimples, Eczema, and all forms of blood taints and skin diseases. Get SULFOSOL of your nearest druggist or write to Sulfoal Co., 73 Trinity Place, New York, for free book on Blood and Skin Diseases and the successful use of SULFOSOL in their treatment.
